JAVA DEVELOPER

Highly skilled and detail-oriented Java Developer with some experience in designing, developing, and deploying robust web applications. Proficient in Java, Spring Boot, and REST APIs with expertise in both front-end and back-end development. Adept at problem-solving, quick learning, and delivering scalable and user-friendly solutions. Seeking a challenging position to contribute to innovative projects.

TECHNICAL SKILLS

- **ProgrammingLanguages:**Java,JavaScript
- **Frameworks:**SpringBoot,SpringMVC,React
- **WebDevelopment:**HTML,CSS,JavaScript,Bootstrap
- **Databases:**SQL,MySQL
- **Libraries:**ReactRouter
- **DevelopmentTools:**Eclipse,VisualStudioCode,Git
- **OtherSkills:**RESTfulAPIIntegration,ResponsiveDesign,CRUDOperations

---

PROFESSIONAL EXPERIENCE

Software Developer Trainee

IntenseTechnologies,Hyderabad,Telangana   April 2022 – September 2022

- Designed and implemented web pages using HTML,CSS, and JavaScript in collaboration with a development team.
- Built and maintained web applications using Spring Boot and Spring MVC frameworks.
- Developed seamless integration between front-end components and back-end services to deliver exceptional user experiences.

ACADEMIC QUALIFICATIONS

- **B.Tech in Electronics and Communication Engineering(2019):**
  Sree Dattha Institute of Engineering and Science,Hyderabad,Telangana
  AchievedFirstClass
- **Intermediate(MPC)(2015):**
  Narayana Junior College
  Achieved First Class
- **SSC(2013):**
  ZPHSSchool
  AchievedFirstClass

PROJECTS

1. Bank Application*(SpringBoot,React,OracleSQL)*
- Developed a full-stack bank application with features like account creation, deposit, withdrawal, money transfer, login, logout, and viewing transaction statements.
- **Backend:** Designed and implemented RESTful APIs using SpringBoot for all banking operations, ensuring robust data validation and security.
- **Frontend:** Built a dynamic and responsive user interface using React.js with Vite for rapid development. Used useReducer for state management and fetch forAPI calls.
- **Database:** Utilized OracleSQL to manage account and transaction data. Ensured optimized queries for fast and reliable operations.
- Implemented session management for secure userauthentication and activity tracking.

2. Employee Management System*(SpringBoot,SpringMVC,JSP)*
- Builta Java-based web application to perform CRUD operations on employee data.
- **Frontend:** Created an intuitive UI using JSP, HTML, CSS, and JavaScript, ensuring a seamless user experience.
- **Backend:**Designed APIs using SpringBoot and SpringMVC for managing employee data.
- Integrated data base operations for efficient storage and retrieval of employee records.

3. Social Media Web Application*(React.js,SpringBoot,MySQL)*
- Created a social media platform that allows users to create profiles, postupdates, comment, and like posts.
- **Frontend:**Designed and developed a user-friendly interface using React.Used React Router for seamless navigation.
- **Backend:** Developed RESTAPIs withSpring Boot to handle userauthentication, post creation, and interactions.
- **Database:**Used MySQL to manage user data, posts, comments, and interactions, ensuring data integrity and reliability.

4. Portfolio Website*(HTML,CSS)*
- Designed and deployed a clean, modern portfolio website to show case projects and skills.
- Optimized for speed and cross-device compatibility using responsive design principles.
- Deployed on GitHub Pages using GitHub Actions.

PERSONAL DETAILS
- **Languages Known:**English,Telugu,Hindi
- **Address:** Hyderabad, Telangana
